

HSE POLICY

In Our Company the Health, Safety and Environment policy is a part of our engagement to carry out our activities in conformity with our management system which already certified as per the following standards: ISO 9001: 2008, ISO 14001: 2004 and OHSAS 18001: 2007.

Our HSE policy establish a framework between all our employees, visitors and customer in order to create a healthy work environment and to protect environment as per applicable laws and our integrated management system requirements.

All Managers, Supervisors and employees should understand and apply their HSE duties and responsibilities as per our IMS requirements, and they should ensure the application of all HSE rules during their activities inside and outside of the company.

We aim to foster an HSE performance that we can be proud of it, by attending the zero accident targets and make all our activities environment friend activities, through the following principle:

- ↗ Protect, and strive for improvement of the health, safety and security of our people at all times;
- ↗ Eliminate the HSE violations and accidents;
- ↗ Minimize our impact on the environment through pollution prevention and the proper waste management;
- ↗ Continual training and awareness to our staff and all involved parties;
- ↗ Keep a good level of HSE communications between all concerned parties in order to share and exchange HSE experiences;
- ↗ Perform periodic review to our HSE performances in order to promote the continual improvement of our IMS. It is the responsibilities of all of us to make our work environment safely as possible
